So Full, No worries- take some home

Thank you to all our customers

Whether this is your first visit or you have been a loyal customer since we opened Over 10 years ago—We are Glad you are here!

Everyone knows the world is a different place than it was in the early months of 2020. As we open the restaurant back up for dine in service know that we are working hard to maintain the same menu with all of your favorites. Like many restaurants finding quality staff can be challenging. The kitchen staff is smaller than it used to be but they are dedicated to making every order just as delicious as you remember. Order times may be longer than in the past but we all are working hard to meet the challenge of dine-in service as well as our loyal take out customers. Thanks again - Kelli

So- have a beer or a soda and relax - we are working on it

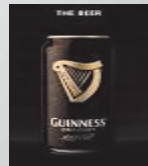

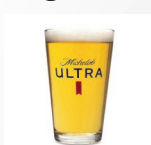

Please drink responsibly We Proof anyone who looks under 40
